Appl. No. 10/665,892

Response Dated July 20, 2009

Reply to Office Action of March 18, 2009

Docket No.: 1070P3822 Examiner: Tran, Tuyetlien T.

TC/A.U. 2179

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the

application.

Listing of Claims:

1-23. (Cancelled).

24. (Previously Presented) A computer user interface comprising:

a display to present a plurality of dynamically sizable active on-screen displayable

cells for presenting categories of daily information therein, wherein said plurality of

active cells comprise a first cell and a second cell and wherein said first cell is

automatically dynamically sized based on changes in its amount of content and also

based on changes in an amount of content of said second cell.

25. (Previously Presented) A computer user interface as described in Claim 24

wherein said second cell is automatically dynamically sized based on its amount of

content and also based on said amount of content of said first cell.

26. (Previously Presented) A computer user interface as described in Claim 24

wherein said first cell displays daily event information.

27. (Previously Presented) A computer user interface as described in Claim 24

wherein said second cell displays daily to-do information.

28. (Previously Presented) A computer user interface as described in Claim 24 further

comprising a third cell of fixed size for on-screen displaying of daily message

information.

29. (Previously Presented) A computer user interface as described in Claim 24

wherein display of cells of said plurality of cells is capable of being suppressed and

wherein said first cell is enlarged in response to display of said second cell being

suppressed.

30. (Previously Presented) A computer user interface as described in Claim 24

wherein display of cells of said plurality of cells is capable of being suppressed and

wherein said second cell is enlarged in response to said first cell being suppressed.

31. (Previously Presented) A computer user interface as described in Claim 24

wherein display of cells of said plurality of cells is capable of being suppressed.

32. (Previously Presented) A computer user interface as described in Claim 24

wherein display of cells of said plurality of cells is capable of being suppressed and

wherein said first cell is enlarged in response to display of said second cell being

suppressed.

Docket No.: 1070P3822 Examiner: Tran, Tuyetlien T.

TC/A.U. 2179

33. (Previously Presented) A computer user interface as described in Claim 24

wherein said first cell comprises a minimum size definition and wherein further said first

cell is decreased in size if its content requires less size than its minimum size definition.

34. (Previously Presented) A computer user interface as described in Claim 24

wherein said first cell is increased in size provided its content requires more size than its

minimum size definition and provided further that said second cell is decreased in size

below its minimum size definition.

35. (Previously Presented) A computer user interface as described in Claim 34

wherein said first cell displays daily event information, wherein said second cell displays

daily to-do information and further comprising a third cell of fixed size for on-screen

displaying of daily message information.

36-48 (Cancelled).

49. (New) A computer user interface comprising:

a display to present a plurality of dynamically sizable active on-screen displayable

cells for presenting categories of daily information therein, wherein said plurality of

active cells comprise a first cell and a second cell and wherein said first cell is

automatically dynamically sized based on changes in its amount of content and also

based on changes in an amount of content of said second cell, and said second cell is
